

Survey about the status quo for the evaluation of „Gemeinsam.Sicher in Österreich“

Project Management:

Univ.-Prof. Dr. Christian Grafl

Project Team:

Assoc.-Prof. Dr. Helmut Hirtenlehner (Zentrum für Kriminologie der JKU Linz)

Barbara Herweg, MA

Administrative Support:

Ivana Stojancic

Project Description:

The project aims to collect data about fear of crime, level of crime, disorders and victimization, assessment of police work and knowledge about community policing activities in seven communities of Austria. These data are the starting basis for the evaluation of “Gemeinsam.Sicher in Österreich”, a nationwide community policing project starting in the middle of the year 2017. Furthermore, we will analyze the documentation of the prevention police officers (“Sicherheitsbeauftragte”) in all seven communities. In a final step, we will interview some of these prevention officers about their activities and experience concerning “Gemeinsam.Sicher in Österreich”.

Closing Date:

31.12.2017

Project Partners:

Federal Ministry of Interior
